

HERBERT'S LANE HOT TUB DISCLAIMER

Updated: January 2020

We want you to have a pleasurable experience at Herbert's Lane, relaxing under the stars and enjoying the company of friends and family.

For your safety it is essential to understand and adhere to the advice and guidelines given below for proper use of our hot tub.

Please note that as the lead guest, you are responsible for making sure that ALL members of your party are aware of, and strictly adhere to these guidelines.

Any damage to the hot tub itself, the cover, the cover lifting arm or the handles will be charged for. In addition, any cleaning or maintenance needed due to misuse will incur a charge.

We want you to have a lovely experience, but please treat the hot tub as if it were your own as maintenance is expensive. We would much rather you asked if you're at all unsure, so please don't hesitate to message or call us on 07828 28 00 37.

Be mindful that as wonderful as the hot tub is, it can be a dangerous environment, so please use your common sense. A great tip is to stay hydrated – so get out every fifteen minutes for a cup of cold water.

OPERATION

The hot tub is always on. Please DO NOT switch it off at the mains.

1. Undo the four clips and then lift the cover from left to right. The crease in the middle means the cover folds in half. Once in half, fold the cover over in order to tuck it between the hot tub and the fence.
 - **DO NOT** use the hot tub with the cover half on.
 - **DO NOT** sit on the cover.
 - Please do not put the cover back on when the hot tub is not in use – this'll keep it warm for when you next get in.
 - Please do not use glass in the hot tub – we provide plastic cups in the hut

2. Refer to the control panel to adjust the jets, the temperature and the lights.
 - The temperature should be no more than 40 degrees.
 - Test the water with your hand before entering to make sure it is a comfortable temperature. Take your time getting in. Do not jump in.
 - It's important that you take regular breaks from the water – we recommend every fifteen minutes.
 - Stay hydrated.

Connecting your music

Our hot tub is bluetooth enabled which means you can play music from your devices. There is a control panel for this on the side panel of the hot tub.
